

Leave the Wisconsin No-call list alone. This was enacted as the will of the people. We do not wish to have OUR law watered down by the federal government. Its bad enough we have to deal with a mountain of spam e-mail and junk mail delivered by the USPS. The current Wisconsin law, which allows only one call to former customers, was based on the strong voice of Wisconsin citizens saying they do not want to be telemarketed by any business with as few exceptions as possible.
